Fiberglass Planters

Furnishings
for
Public
Spaces

RPI's fiberglass planters can be used singly or in an endless variety of combinations to create new kinds of spaces, to define areas, and to add the touch of nature to any setting. Their classic lines make them appropriate to almost any architectural design. Generous radiuses on the edges and rims provide a soft look bringing form and function into perfect harmony. They are rugged and easy to maintain.

For outdoor use and added protection, all fiberglass planters are available in a stone finish. Both the rough stone finish and standard smooth semi-gloss finish are offered in 25 standard colors with custom color matching available for an upcharge.

To specify:
Indicate model number, size and color.

To specify color:
See color page C-8.

- Options:**
- Intermediate heights
 - Fire retardant resin
 - Casters with or without brakes
 - Anchor straps
 - Drain holes
 - Reservoirs with pumpout tubing
 - Eyebolts (tree tiedowns)

Specifications	Model	Overall Size	I.D. Rim	Approx. Weight
Round planter with narrow lip Typical rim detail 	P114-1	12" dia x 13" high	8"	6 lbs
	P114-5	12" dia x 20" high	8"	8 lbs
	P114-17	14" dia x 14" high	10.25"	9 lbs
	P114-2	16" dia x 15" high	11.75"	10 lbs
	P114-3	18" dia x 17" high	13.75"	12 lbs
	P114-18	20" dia x 19" high	16"	14 lbs
	P114-19	30" dia x 14" high	25.25"	21 lbs
	P114-20	30" dia x 18" high	25.25"	24 lbs
	P114-21	30" dia x 24" high	25.25"	27 lbs
	P114-23	36" dia x 18" high	30.5"	30 lbs
	P114-24	36" dia x 24" high	30.5"	35 lbs
	P114-25	36" dia x 34" high	30.5"	48 lbs
	P114-27	48" dia x 18" high	41.25"	44 lbs
	P114-28	48" dia x 24" high	41.25"	50 lbs
	P114-29	48" dia x 34" high	41.25"	60 lbs
