

HF-9-A  
with optional trash hole

HS-22-WA

HS-11-F

HF-19-W

## Wall Hanging Series

Furnishings  
for  
Public  
Spaces

These units are offered in both steel and fiberglass in two different sizes. The 18-gauge steel is polyester powder coated for use indoors or out. All units used for trash have an internal ring to hold trash bags.

Spun aluminum tops are hardcoat anodized in a dark grey color. Model numbers designated "P" have charcoal colored polyethylene tops. "FG" models have fiberglass tops. The black 9" long x 3.5" wide x 2" deep steel mounting bracket has two holes spaced 5.5" apart to accommodate customer's .25" diameter mounting bolts.

Specifications	Model	Size	Opening	Capacity	Approx. Weight
Fiberglass Waste Only	HF-19-W	15" dia x 33" high	11" dia	19 gallons	17 lbs
	HF-19-WFG	15" dia x 33" high	11" dia	19 gallons	17 lbs

### To specify:

Indicate model number, body material, top style, and color.

### To specify color:

For steel colors, see color page C-6. For fiberglass colors, see color page C-8.

### Options:

- Fire retardant resin on fiberglass units
- Side trash hole on model HF-9-A
- Fiberglass inner liner on HF-9-A, instead of bag holding ring, if side trash hole is desired
- Polyethylene liner instead of bag ring on HS-22 and HS-11 models
- Chain to attach top to body
- Rain cap

### Top Details

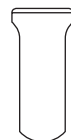

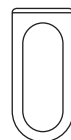

W - Waste only

WA - Waste/Ash

A - Ash only/Sand Bowl

F - Ash with funnel for Sand Bowl
